NOMINATION INFORMATION AND FORM 2026

# About ACP rising stars

The ACP Rising Stars program is designed to honor individuals under the age of 36 who are emerging leaders in the publishing industry. This annual program will recognize up to 7 individuals who represent the best of our up and coming industry professionals. These individuals exemplify good character, leadership, and professionalism not only at work, but in the communities they serve.

## Nominee qualifications

These individuals should show the promise of and a commitment to impacting their publication and the industry in a positive manner through

professional achievement. Nominees must also show they not only perform their jobs to a high standard, but they also have a commitment to furthering their knowledge and abilities. Nominees must actively work in the community publishing industry for a member or associate of ACP and are required to have been employed for more than a year. Nominees must not be 36 prior to December 31, 2026.

## Recognition program

Award recipients will be recognized in *Publish Magazine*, the official publication of ACP.

An awards presentation program will be conducted during the next national in-person conference celebrating the participants and their contributions to the program. All of the individuals participating are awarded free room,

registration, meal plan, specialized training sessions and up to \$500 in travel reimbursements to the next in-person conference.

## Ongoing Opportunity

The ACP Rising Stars program does not end with the recognition program. Rising Stars will be asked to assist the various initiatives of the association on an ongoing basis for up to three years. ACP recognizes that we have much to learn from these talented young people and desires to use their skills to help us lead the publishing industry. In return for participation in regularly scheduled conference calls and for volunteering some time to assist with ACP initiatives, ACP will provide additional leadership development opportunities and the opportunity to attend future conferences for even more training.
